OFFENDER GRIEVANCE DETAILS

Description of Complaint: Inmate Claims: I inmate Angelo Lee Clark have noticed that one of the new meds, that I am taking at the present time "Lozaril" has been missing from my PM dose and I asked Tanya the nurse on the 3 to 11 shift what's going on and she stated to me in front of Sergeant Collier that she doesn't know what's going on but I should take that up with the Psychiatrist and like I told her I don't understand one way or the other but I do know this every time I ask to see him or the clinician Mr. S the nurses or staff tell me either I will see the psychiatrist. Tomorrow or next week.

Remedy Requested : I request that since I'm suppose to be on a new med then will somebody please try to explain to me how it should work for me, and also will I be able to benefit from it in a positive way or is Dr. Canulli and gang still up to there experimentation process.
